

# INTERNATIONAL STUDENT STARTUP SERIES

Information exchange sessions for international students considering starting a business in Japan.

## Episode 2 My Startup Dream & Team

February 23 (Wed), 2022  
11:30 - 12:30

### Content

Episode 2 welcomes five current and former international students. Three who have already started companies will focus their talk on the lessons they have learnt on how to create a successful startup team in Japan. Two students who plan to start a company in the future will talk about their startup dream. Finally, there will be a short introduction of the activities of the TONGALI Project and how this project can support international student entrepreneurship.
