About IBEKA

IBEKA (<http://3.ibeka.or.id/wp/index.php/en/home/>) was founded in 1992 independent from Mandiri Foundation with the vision of promoting independent and equitable community empowerment innovations based on renewable energy and local resources.

Their main activity is developing off-grid hydro schemes with local communities, but they also involve in overall rural socio-economic development activities such as village coops, farming expansion, household enterprises, as well as small manufacturer and local workshop development.

OUTLINE

During the session, we would like to share about not only her businesses, but also about Indonesia, entrepreneurship in Indonesia, rural economic development, changes and hopes after COVID-19 pandemic.

We are planning to organize social impact workshop focus on Indonesia from May to July. We used to organize on-site workshop at IBEKA before the pandemic, so if the situation gets better, we will plan in this summer.

GUEST SPEAKERS

Tri Mumpuni

Founder and Executive director of IBEKA

Tri Mumpuni is a social entrepreneur, her focus is renewable energy. She founded a non-governmental organization IBEKA in 1992 together with her husband, Iskandar Kuntoadji aims to improve rural electrification. Now IBEKA is devoted to improve the social and economic condition of rural communities by reconnecting local resources to the local community using appropriate technology. She received the Ramon Magsaysay Award, also known as the "Asian Nobel Prize" in 2010. She also received the Prince of Wales Award for Excellence in Social Entrepreneurship, and the Global Peace Award from the Global Peace Foundation (Atlanta, USA) in 2012.
