Outline

In this session, Professor Erwin Huang will share his insights on the future of education, with a specific focus on the role of entrepreneurship, technology, and innovation. The future facing the next generations is filled with uncertainties and changes. Entrepreneurship is key in helping students to navigate and thrive in this never-seen-before future. Professor Huang will also share his vast experience in his roles as a serial entrepreneur, social innovator and angel investor.

Guest speaker

Prof. Erwin Huang
The Hong Kong University of
Science and Technology

Professor Erwin Huang is a serial entrepreneur, a leader in EdTech for more than 30 years. Currently, he serves as Associate Director of the Technology, Leadership and Entrepreneurship Program at the Division of Integrative Systems and Design, and Adjunct Professor (Entrepreneurship) of The Hong Kong University of Science and Technology. Prof. Erwin is a pioneer in bringing technology to education and social cases. As an angel investor and mentor, he has extensive experience running startups, public companies as well as social enterprise, and has held leadership position in multiple Publishing, ICT and mobile companies over the years in HK, PRC, Tokyo, Silicon Valley USA, and London.
